By Robert Nadeau, Menas Kafatos : The Non-Local Universe: The New Physics and Matters of the Mind my 8 year old son is very worried about earth being destroyed by the sun when it becomes a red giant billions of years from now i have tried to comfort him by the new age is a term applied to a range of spiritual or religious beliefs and

practices that developed in western nations during the 1970s precise scholarly The Non-Local Universe: The New Physics and Matters of the Mind:

Classical physics states that physical reality is local or that a measurement at one point in space cannot influence what occurs at another beyond a fairly short distance Until recently this seemed like an immutable truth in nature However in 1997 experiments were conducted in which light particles photons originated under certain conditions and traveled in opposite directions to detectors located about seven miles apart The amazing results indicated that t
