By Jeffrey C. King, Scott Soames, Jeff Speaks : New Thinking about Propositions philosophy especially philosophy of language and philosophy of mind science especially linguistics and cognitive science and common sense all sometimes make notre dame philosophical reviews is an electronic peer reviewed journal that publishes timely reviews of scholarly philosophy books New Thinking about Propositions:

Philosophy especially philosophy of language and philosophy of mind science especially linguistics and cognitive science and common sense all sometimes make reference to propositions understood as the things we believe and say and the things which are primarily true or false There is however no widespread agreement about what sorts of things these entities are In New Thinking about Propositions Jeffrey C King Scott Soames and Jeff Speaks argue Overall the book is a splendid contribution to the field and does genuinely offer new thinking about the perennially problematic status of propositions The Philosophical Quarterly About the Author
