emotion is any conscious experience characterized by intense mental activity and a high degree of pleasure or displeasure scientific discourse has drifted to other evolutionary significance it is believed that the emotion of disgust has evolved as a response to offensive foods that may cause harm to the organism a common In Defense of Shame:

The Faces of an Emotion:

Is shame social Is it superficial Is it a morally problematic emotion Researchers in disciplines as different as psychology philosophy and anthropology have thought so But what is the nature of shame and why are claims regarding its social nature and moral standing interesting and important Do they tell us anything worthwhile about the value of shame and its potential legal and political applications In this book Julien A Deonna Raffaele Rodogno and The crisply written nature of the text and its ample practical examples allow this difficult timely topic to be addressed with eloquence and relative ease CHOICE In Defense of Shame is philosophically consistent clearly and persuas
