By Meir Dan-Cohen : Normative Subjects: Self and Collectivity in Morality and Law view that morality is based on social agreements that serve the interests of those who make the agreement self and self concept may be two of the most popular concepts in social psychology nearly every area of social psychology and the social sciences in general

Normative Subjects: Self and Collectivity in Morality and Law:

Normative Subjects alludes to the fields of morality and law as well as to the entities self and collectivity addressed by these clusters of norms The book explores connections between the two The conception of self that informs this book is the joint product of two multifaceted philosophical strands the constructivist and the hermeneutical Various schools of thought view human beings as self creating by pursuing our goals and promoting our projects and Professor Dan Cohen is one of the deepest and most interesting thinkers in the academy Interweaving law philosophy and sociology his work is always stimulating and constructively provocative Dan Cohen has a distinctive and highly independent point of v
