By Harold Langsam : The Wonder of Consciousness: Understanding the Mind through Philosophical Reflection (MIT Press) dualism and mind dualists in the philosophy of mind emphasize the radical difference between mind and matter they all deny that the mind is the same as the brain philosophy of language explores the

relationship between language and reality in particular philosophy of language studies issues that cannot be addressed by other The Wonder of Consciousness: Understanding the Mind through Philosophical Reflection (MIT Press):

Consciousness is a wonderful thing But if we are fully to appreciate the wonder of consciousness we need to articulate what it is about consciousness that makes it such an interesting and important phenomenon to us In this book Harold Langsam argues that consciousness is intelligible that there are substantive facts about consciousness that can be known a priori and that it is the intelligibility of consciousness that is the source of its wonder Langsam fi This book is packed full of insights into conscious experience Langsam sets out to describe the role of consciousness in perception knowledge inductive inference practical reasoning and pleasure and pain He addresses a wealth of topics in compact prose
