From A Bradford Book : The Nature of Consciousness: Philosophical Debates mysterianism mysterianism is a philosophical position proposing that the hard problem of consciousness cannot be resolved by humans the unresolvable problem is how contemporary metaphilosophy what is philosophy what is philosophy for how should philosophy be done these are metaphilosophical questions metaphilosophy The Nature of Consciousness: Philosophical Debates:

6 of 6 review helpful AN EXCELLENT COLLECTION OF ARTICLES ON THIS TOPIC By Steven H Propp This

1997 book contains an amazing and diverse collection of essays articles and excerpts from such philosophy of mind heavyweights as Daniel Dennett Consciousness Explained Owen Flanagan Consciousness Reconsidered Patricia Churchland Neurophilosophy Ned Block Readings in Philosophy of Psychology Volume I Bernard Baar Intended for anyone attempting to find their way through the large and confusingly interwoven philosophical literature on consciousness this reader brings together most of the principal texts in philosophy and a small set of related key works in neuropsychology on consciousness through 1997 and includes some forthcoming articles Its extensive coverage strikes a balance between seminal works of the past few decades and the leading edge of philosophical research on com Almost everyone agrees that we possess consciousness but as this book demonstrates that s where the agreement ends What can we say about the mind without fear of contradiction Not much and that s how the study of consciousness stands out from other s
