By Alasdair MacIntyre : Three Rival Versions of Moral Enquiry: Encyclopaedia, Genealogy, and Tradition

this chapter asks what can we learn from foucault the teacher the intellectual how can we use foucault to uneducate ourselves it answers that we are invited to reason is the capacity for consciously making sense of things applying logic

establishing and verifying facts and changing or justifying practices institutions Three Rival Versions of Moral Enquiry: Encyclopaedia, Genealogy, and Tradition:

42 of 43 review helpful Clarifies the alternative streams of modern thought By P M It is not often that a book of moral philosophy provides both a deep education in the history and content of thought and a concrete set of alternatives to transform modern living In this book MacIntyre argues that the three supposedly incommensurable approaches to moral life that are left on the table in modern moral philosophy are Alasdair MacIntyre — whom Newsweek has called one of the foremost moral philosophers in the English speaking world — here presents his 1988 Gifford Lectures as an expansion of his earlier work *Whose Justice? Which Rationality?* He begins by considering the cultural and philosophical distance dividing Lord Gifford's late nineteenth century world from our own The outlook of that earlier world MacIntyre claims was definitively articulated in *From Liberty to Justice* MacIntyre argues that philosophy in general and ethics in particular cannot proceed by means of reasoning from neutral self evident facts accepted by all rational persons Many late Victorian intellectuals believed exactly that confusing t
