By David McNeill : Gesture and Thought professional speaker and presentation skills expert lenny laskowski talks about how to gesture effectively a handshake is a short ritual in which two people grasp one of each others like hands in most cases accompanied by a brief up and down movement of the grasped hands Gesture and Thought:

David McNeill a pioneer in the ongoing study of the relationship between gesture and language here argues that gestures are active participants in both speaking and thinking He posits that gestures are key ingredients in an ldquo imagery language dialectic rdquo that fuels speech and thought The smallest unit of this dialectic is the growth point a snapshot of an utterance at its beginning psychological stage In Gesture and Thought the ce With Gesture and Thought David McNeill again demonstrates his status as a pioneer in the field of cognitive psychology and linguistics Here he has developed a new theory of language and gesture in which gesture is seen as integral to language In doing so
