The Blackwell Guide to the Philosophy of Law and Legal Theory is a handy guide to the state of play in contemporary philosophy of law and legal theory. It comprises 23 critical essays on the central themes and issues of the philosophy of law today, written by an international assembly of distinguished philosophers and legal theorists. Each essay incorporates essential background material. Golding and Edmundson have assembled many of the most luminous figures in legal theory to write deep and totally original essays on a variety of central jurisprudential topics. The authors are the right people writing on the right subjects, and this book
