By André Kukla, Joel Walmsley : Mind: A Historical and Philosophical Introduction to the Major Theories
philosophy of language explores the relationship between language and reality in particular philosophy of language studies issues that cannot be addressed by other contemporary metaphilosophy what is philosophy what is philosophy for how should philosophy be done these are metaphilosophical questions metaphilosophy Mind: A Historical and Philosophical Introduction to the Major Theories:

An historical overview and evaluation of modern psychology's theoretical foundations Mind ranges from Descartes to dynamics in its discussion of such topics as introspectionism psychoanalysis behaviorism and the varieties of contemporary cognitive science Throughout these theories are examined and assessed as attempts to construct an overall conception of the person as general theories of human nature Kukla and Walmsley state in their preface that they intend this volume as an introduction to the science of psychology for the nonspecialist who isn't afraid to do a little thinking This goal is admirably achieved The authors present viewpoints abo
