By Gerald Izenberg : Identity: The Necessity of a Modern Idea (Intellectual History of the Modern Age) lecture 6 the medieval synthesis and the secularization of human knowledge the scientific revolution 1543 1642 1 why then do we hesitate to grant the earth the historian richard bourke picks five books designed to give a range of perspectives on

irish history starting surprisingly with a novel Identity: The Necessity of a Modern Idea (Intellectual History of the Modern Age):

1 of 1 review helpful A comprehensive and thorough treatment of the development of the concept of identity through history By Peter in Chicagoland This is a comprehensive and thorough treatment of the history of development of the concept of identity in the modern world Izenberg gives a superb historical analysis of how the concept developed and why we need it Identity which is so elusive and yet permeates so widely in Identity The Necessity of a Modern Idea is the first comprehensive history of identity as the answer to the question who or what am I It covers the century from the end of World War I when identity in this sense first became an issue for writers and philosophers to 2010 when European political leaders declared multiculturalism a failure just as Canada which pioneered it was hailing its success Along the way the book examines Erik Erikson s concepts There are not many people alive today who could produce a book like this one which calls on a vast range of learning that can only be acquired over a lifetime of reading and scholarly reflection It is sweeping in its scope and steeped in erudition Gerald
