sun the center of the solar system atoms universal time The Multiple States of the Being (Collected Works of Rene Guenon):

This text Ren eacute Gu eacute non s most comprehensive work of pure metaphysics is written as if nothing at all is but That which is in its own essence And in truth what else is there Being is multiple and comprises many states both manifest and unmanifest but the unmanifest has precedence what is seen being effectively nothing in the face of what is not seen To realize this is to realize the contingency of the human state and the set of its inherent possi
