From Bloomsbury Academic : The Soul Hypothesis: Investigations into the Existence of the Soul john hick 1922 2012 john hick was arguably one of the most important and influential philosophers of religion of the second half of the twentieth century since the body is like one world and the soul like the other it would be strange to think that even though the body lasts for some time after a persons death the The Soul Hypothesis: Investigations into the Existence of the Soul:

2 of 2 review helpful Great Book Exploring issues of the soul By Una Veritas It seems like a great book Some of it gets pretty technical especially in the chapters that dive into the scientific relation of the mind soul to the brain The neurology and biology went a little above my head But that is generally how I like reading if you understand it all then you aren't learning anything My only qualm is it is that the What do we mean when we speak about the soul What are the arguments for the existence of the soul as distinct from the physical body Do animals have souls What is the difference between the mind and the soul The Soul Hypothesis brings together experts from philosophy linguistics and science to discuss the validity of these questions in the modern world Baker and Goetz have assembled an impressive interdisciplinary team of scholars to address questions about the existence and nature of the soul The book is unique in combining philosophical and scientific arguments for dualism and the result is a rigorous e
