us have one or two political issues The Bioethics of Enhancement: Transhumanism, Disability, and Biopolitics:

In a critical intervention into the bioethics debate over human enhancement philosopher Melinda Hall tackles the claim that the expansion and development of human capacities is a moral obligation Hall draws on French philosopher Michel Foucault to reveal and challenge the ways disability is central to the conversation The Bioethics of Enhancement includes a close reading and analysis of the last century of enhancement thinking and contemporary transhumanis In The Bioethics of Enhancement Melinda Hall powerfully argues that disability underpins debates over genetic enhancement and in turn these debates anchor contemporary bioethics making disabil
