By Richard E. Wilde : The Immortal Self: Second Edition in many religious philosophical and mythological traditions the soul is the incorporeal essence of a living being soul or psyche greek quot;psychequot; of quot;psychein immortality immortality is the indefinite continuation of a persons existence even after death in common parlance

immortality is virtually indistinguishable The Immortal Self: Second Edition:

The Immortal Self traces historical ideas of the self as developed by philosophers theologians neurophysiologists and scientists It includes explanations of quantum mechanics and Einstein s theory of relativity that are readable and understandable by the layperson It considers what science presently is capable of contributing to our many diverse concepts of what constitutes the self To this end The Immortal Self explores the brain its morphology
