By Rodger R. Ricketts : The Buddha's Teachings: Seeing Without Illusion according to anderson the four truths have both a symbolic and a propositional function the four noble truths are truly set apart within the body of the buddhas the main teachings of the theravada are the sutras or teachings traditionally held to be spoken by sakyamuni

buddha the historical buddha of our time The Buddha's Teachings: Seeing Without Illusion:

2 of 2 review helpful Great Book Enjoyed it a lot By Lowell This book has really helped me understand the Buddha's teachings much better The use of psychology and science to explain main points of the teachings put them in a perspective that I am easily relate to Over all it is a serious book on the topic which is presented in a straight forward and clear format I highly recommend it to readers who are both new and sea This book incorporates the writings of contemporary Buddhist scholars psychologists cognitive scientists and physicists to provide a fascinating and authoritative framework for the interpretation of the Buddha's teachings In this revised and expanded edition the Eightfold Path and the practice of the Way in our life is explained with clarity providing insight into the Four Noble Truths Karma Anatta and Dependent Origination This book is of interest to those lo From the Author The writing of this second book was the culmination of nbsp one year of nbsp research nbsp and reflection of my own meditation experience after the three years to write my first book Both are based on my nbsp thirty years of study and meditat
